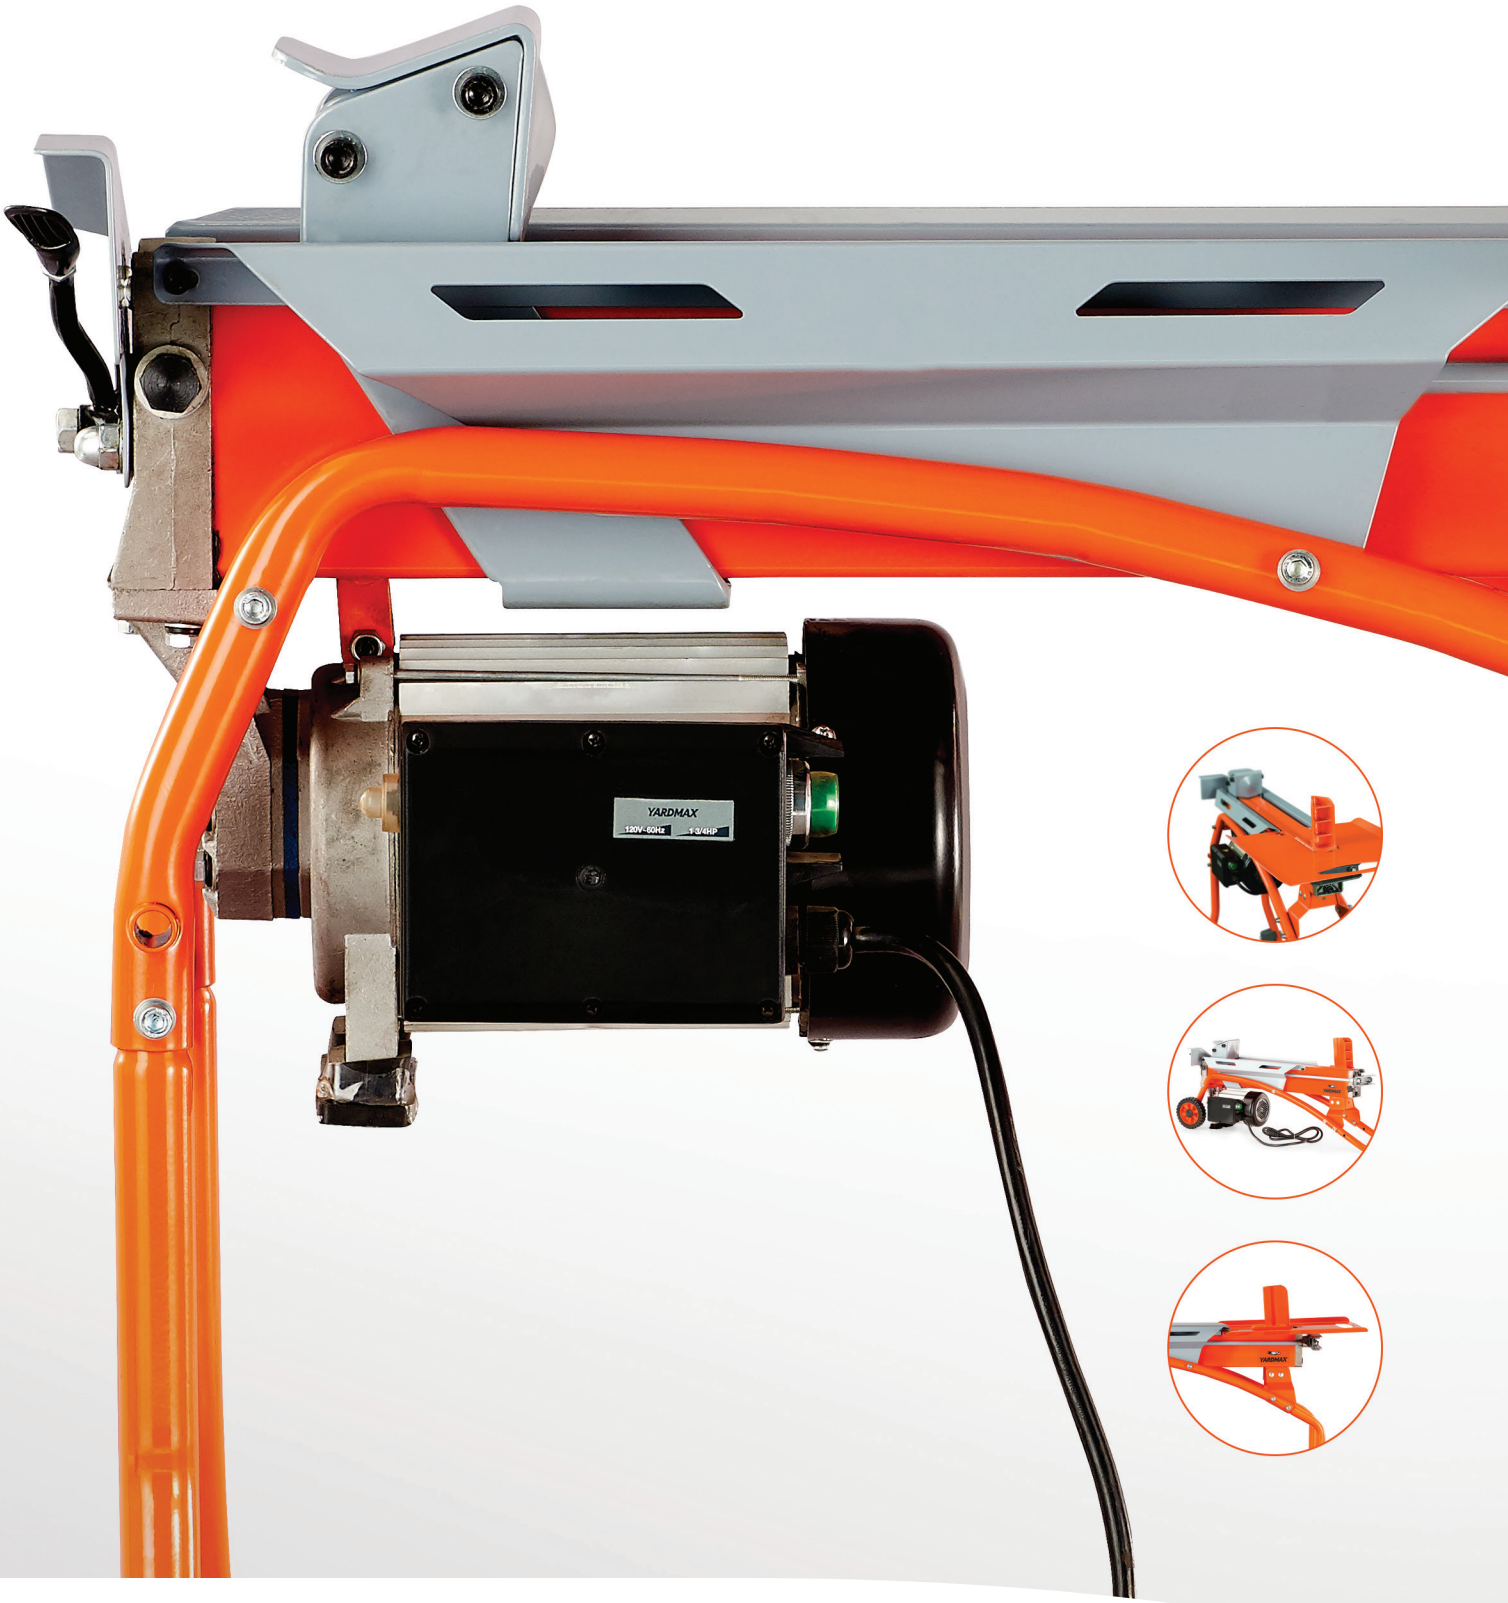
Tame the Great Outdoors™

Electric Log Splitters



YARDMAX™

MAX Performance. MAX Value. MAX Support.

Electric Log Splitters

The ruggedness to take on any job – with the ease, portability and convenience of clean, electric splitting.

FEATURES & BENEFITS

- Electric motors are designed, engineered and manufactured in-house to ensure years of worry-free use.
- Powerful, 5 ton RAM force to get the job done fast.
- Stand, log tray and stroke limiter included.
  - Stand ensures a stable work surface — no squatting or bending over to operate.
  - Log tray ensures split logs lay safely rather than falling to the ground.
  - Stroke limiter will shorten the amount of time it takes to split shorter logs.
- Two-handed operation puts operator safety first.
- 6" wheel diameter and lightweight design.
- Portable and can be operated indoors in the winter.
- Log capacity — 20.5" in length and 10" in diameter.
- Short cylinder cycle time — 16 seconds.
- None or minimal assembly required.
  - No assembly required for benchtop unit — simply clip on the wheels and start splitting.
  - Minimal assembly required for stand option.

SPECIFICATIONS	
Model Number	YS0552
Splitting Force	5 ton
Log Capacity	20.5" in length and 10" in diameter
Wedge Size	5"
Hydraulic Capacity	0.93 gal
Cylinder Cycle Time	16 sec
Wheel size	7"
Motor	15 amp
Product Weight	108 lbs
Size — without Stand	40.5" x 13.8" x 19.3"
Size — with Stand	40.5" x 17.7" x 39"
Operating Position	Horizontal
Stroke Limiter	Included
Stand	Included
Log Tray	Included
Warranty	2-Year Residential; 90-Day Commerical
