

Two-Stage Snow Blowers

MAX Performance. MAX Value. MAX Support.

Two-Stage Snow Blowers

Perfect for tackling heavy snowfall – easily able to cut through snow in excess of a foot or more.

FEATURES & BENEFITS

- Available in: 22", 24", and 26" snow clearing widths.
- Self-propelled drive with multiple speeds.
- Serrated steel augers slice through hard-packed snow and ice with ease.
- Axe-shaped housing design effortlessly chops through tough snow and ice.
- Heavy-duty aluminum gear case with alloy steel gears and synthetic gear oil for long-lasting performance.
- Engineered for maximum throwing distance and minimal snow blowback – high-speed impeller consumes more snow and extended chute maintains a tighter discharge.
- Dashboard with headlight, easy-to-reach speed control and cup holder for total convenience (YB6270 only).
- Heated hand grips (YB6270 only) deliver optimal comfort in the harshest weather.
- Standard pin-lock axle offers two options: 2-wheel drive for increased traction; or 1-wheel drive for greater maneuverability.
